MEMORANDUM

DATE: May 15, 1984
TO: Sandra Sroonian and File
FROM: Mark Lunsford
SUBJECT: TDD R5-8303-1B #0122 and #0004
Joliet/Caterpillar Tractor Co. and Amoco Chemical Corp.

After performing a site inspection at the Caterpillar Tractor Company the morning of April 26, 1984, Renee Hix, Peggy Pearce and the author visited the city of Joliet's Water and Sewer Service Center to gather information on the extent of the area served by Joliet's water system. We spoke with Elmer Schaefer, P.E., Joliet Water Department, who indicated to us the areas north and west of the Des Plaines River that lie within a three mile radius of Caterpillar which do not receive municipal water. These areas are indicated on the attached photocopies of parts of the Joliet, Plainfield and Channahon quad maps. The locations of municipal wells within the three mile radius were also pointed out by Mr. Schaefer.

Well log information for the area was gathered on May 9, 1984 from the Illinois State Water Survey in Batavia by Dave Curnock and the author.
